The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive tract, the same processes are performed, and which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any combination of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant ailments.

The best agents known to medical science for the cure of the above symptoms are Dr. Pierce's Golden Medical Discovery, Dr. Pierce's Kidney and Bladder Pills, and Dr. Pierce's Fruit Syrup. These three remedies are sold by all druggists and are the only ones that will cure the above ailments. If you will mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of the booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

IN THE COLD, GRAY DAWN. (The end of numerous New Year's resolutions.) I dreamed that I dwelt on an isle of cracked ice.

In the midst of a lake of champagne, Where bloomed the mint juleps in meadows of green.

Amid showers of I'll-thu rain, I reclined on a divan of lager beer foam, With a pillow of froth for my head.

While the spray from a fountain of sparkling gin fizz Descended like dew on my bed.

From the far away mountains of crystalline ice, A zephyr refreshing and cool Came wafting the incense of sweet muscatel.

That sparkled in many a pool, My senses were soothed by the soft purring song.

Of a brooklet of pousse cafe, That rippled along over pebbles of snow To a river of absolute trappes.

Then lulled by the music of tinkling glass, From the schooner that danced on the deep, I dreamily slipped a high ball or two.

And languidly floated to sleep; But when I awoke on a bed of soft rocks, With a bolster as hard as a brick:

A wrench in my neck, a rack in my head, And a stomach distastefully sick.

With sand in my eyes and grit in my throat, Where the tae of last evening still clung, And felt a bath towel stuff'd into my mouth.

Which I afterwards found was my tongue, I groped for the thread of the evening before, In the mystified maze of my brain.

Untill a great light burst upon me at last— I'm off the wagon again.

II.

JEWIS REGAINING PALESTINE. Dispatches received in London from Jerusalem tell of remarkable strides made during the last few years in the reopening of Palestine with Jews.

The proclamation of the constitution in Turkey threw open the doors of Palestine and led to an enormous influx of Jewish colonists, who are already settled on some of the best lands of the country.

In Jerusalem alone four-fifths of the population now belong to the Jewish faith. Large tracts of land around Lake Tiberias have been bought up from poor natives and converted into prosperous farms.

The Plain of Sharon, between Jaffa and Lydda, is one vast garden, owned and tended by Jewish skill and labor. The Hauran, one of the most fertile wheat districts in the world, is being sold to Jewish syndicates.

Almost the whole of the extensive Plain of Esdraelon has been bought up by Jews. Their prosperous colonies spread from Dan to Bersheba, and even farther south to the outskirts of Egypt.

Thousands are escaping from Persia to find shelter and protection in the Holy Land, while every ship from Odessa carries some of them.

The Jordan Valley, once the property of the ex Sultan Abdul Hamid, is being eagerly sought after by Jewish capitalists, whose agents, distributed all over the land, are buying up the rich properties of the Mohammedan landlord, whose incomes since the revolution have lessened.

At Jaffa, Tiberias, Safen and Haifa Mount Carmel Jews are reckoned by tens of thousands. Towns like Ramoth-Gilead, Bithleem, Nazareth and G-z, where a few years ago no Jew dared show his face, have now their Jewish quarters and synagogues.

The whole city of Jerusalem is essentially a Jewish town. Banking as well as trade and commerce is monopolized by Jews. The government has found it necessary to organize a company of Jewish gendarmes.

Hundreds of thousands of pounds are annually sent from Europe and America to enable the colonists to build homes, hospitals, schools, and invalid homes. More than 100 Jewish schools already exist in Jerusalem alone. Synagogues are rising up everywhere.

The value of the land has risen fourfold. The ignorant and poverty-stricken fellahs (peasants) are being ousted from their homes and villages by the European Jew settler, whose modern agricultural implements and methods have made the land produce harvests never dreamed of by the natives.

CHURCH ATTENDANCE OOM-PULSORY. Paying the penalty of attending church for violation of the saloon law last Sunday, was the novel experience of four saloonkeepers at Indianapolis, Ind., yesterday. Three of them attended Holy Trinity Church and listened to a sermon by Rev. John Smolley, and the other attended the Columbia Avenue Methodist Church with his wife, where Rev. James Hixon preached from the text, "G and sin no more."

Internet cited in the case of Marion Cummins, who admitted to Mayor Shank that he had not been to church since he entered the saloon business. Cummins violated the law last Sunday, and on Thursday the mayor suspended his license until he should attend church and bring a letter from the pastor saying that he had been to church through an entire service.

There were many smiling faces in the little Methodist congregation when Cummins and his wife entered Sunday morning. Mr. Hixon looked up as they entered, but immediately dropped his eyes, as though not wishing to give them any special attention. He was expecting them, however, for Cummins called upon him yesterday and received the promise of a letter to Mayor Shank.

if he attended service that day. Yesterday afternoon Cummins called at the personage and today will deliver the letter to Mayor Shank and resume business.

ENUMERATOR'S RATES OF PAY. Census Director Durand has issued to the census supervisors a detailed statement of the classification of rates adopted for the compensation of enumerators in the thirteenth census, commencing April 15 next.

There are three general rates—the per capita, the mixed, and the per diem. The first and second general rates have five subdivisions each.

The per diem rates range from \$3 to \$30, \$4, \$4.50, \$5, \$5.50, and \$6, and are to be paid for a day of eight hours work.

For enumerators on the per capita basis, which will be that most widely used, the pay for each inhabitant is: Class A, 2 cents; class B, 2 1/2 cents; class C, 3 cents; class D, 3 1/2 cents; and class E, 4 cents.

Such enumerators will also be paid for each farm as follows: Class A, 20 cents; class B, 22 1/2 cents; class C, 25 cents; class D, 27 1/2 cents; and class E, 30 cents.

These rates are in each case 5 cents or more higher than those paid in 1900, when the range was from 15 to 20 cents.

For each establishment of productive industry the rate for each class is 10 cents. For each barn and enclosure containing live stock, not on farms, the pay is 10 cents for each class.

FEOLUARITIES OF 1910. Sons of the peculiarities of the year, 1910 are these: Easter comes just six days later than the earliest day it could come.

This will be the earliest day for Easter with but one exception in the last twenty-five years—the exception being March 25th, 1894. The fact that Easter comes so early makes the other church festivals fall proportionately early.

Saint Patrick's day, the 17th of March, is scheduled for the beginning of a mild wave which will last until the 22nd. The 4th of July and Christmas fall on Sunday.

MORAL AWAKENING REACTING. William H. P. Faunce, president of Brown University, of Rhode Island, thinks religious sentiment as measured by the standards of worship and church-going is on the wane.

In the current American Journal of Theology, issued at the University of Chicago press, he says: "The moral awakening which has taken possession of the country has had a reactive effect on devotional religion."

A wave of social consciousness is sweeping over our land, and at the same time there is obviously a wave of recession from public worship. The tide of corporate endeavor is at the full, but the tide of corporate devotion mysteriously ebb.

This disinclination exists not alone among the irreligious or immoral; it exists most obviously among the devotee and the thoughtful.

Soft-voiced who say they have tried everything without benefit to the people, we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstruct form of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes. Cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c.
